

Course Description Guide in Master of Sciences in Anatomy

Semester 1

No	Course Name	Credit(S)
1	Health information systems	1
2	Anatomy of limbs	2
3	General histology	1.5
4	Clinical microanatomy	2
5	Cellular and Molecular Biology	2
	Principles of working with laboratory animals	1

Semester 2

No	Course Name	Credit(S)
1	Teaching methods and evaluation	1
2	Anatomy of head and neck	2
3	Anatomy of nervous system	2
4	Specialized histology	2.5
5	General embryology	1.5
6	Internship	2
7	Pathology	2

Courses/units are subject to change each semester.

Course Description Guide in Master of Sciences in Anatomy

Semester 3

No	Course Name	Credit(S)
1	Medical terminology	2
2	Anatomy of Trunk	4
3	Specialized embryology	2.5
4	Seminar	1

Semester 4

No	Course Name	Credit(S)
1	Thesis	6
	Research method and biostatistics	2
	Biochemistry	2

Courses/units are subject to change each semester.
